

SOLUTION FACTSHEET

Automated Payables for SYSPRO Powered by Priority CPX

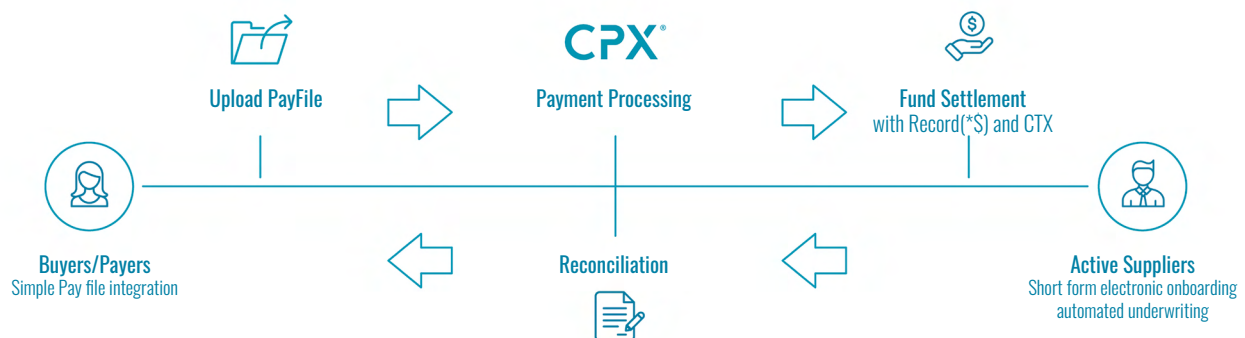

Automated integrated payables

Imagine a scenario where your enterprise could generate cash back from its everyday business transactions. Take that a step further and add the ability to reduce costs, improve purchasing controls, and maximize working capital. Sound too good to be true? It's actually the way leading organizations manage their payments with the help of CPX, Priority's B2B payments platform. **CPX and SYSPRO can help you achieve this in as little as 30 days.**

The SYSPRO and CPX solution: Streamlined payables

CPX streamlines the integrated payables process by providing a comprehensive, end-to-end solution that automates and produces rebates and incentives from interchange and processing fees that are shared with your organization.

Benefits of automation

- Optimize cash flow, improve profit margins and maximize working capital
- Reduce invoice processing costs and improve efficiencies
- Improve spending transparency with enhanced data
- Create real-time visibility of payment status through CPX user interface
- Drive rebates and generate early-pay incentives

Automated Payables for SYSPRO Powered by Priority CPX

SOLUTION FACTSHEET

Platform implementation

Harnessing the power of Automated Payables for SYSPRO requires no changes to existing processes. Through one, easy-to-implement payment file connection, our experienced activation team can put the tools in place to automate your payments and generate working capital while improving your relationships with suppliers.

Partner with confidence

With technology both simple to implement and to scale, a specialized sales group to drive network adoption and a platform that can be tailored to your business needs, CPX is leading the way in streamlined Integrated Payables solutions. Ready for a partner focused on delivering the results you need? The CPX and SYSPRO teams will make your business our Priority.

Simple - A single payment file informs all supplier payment types (card, ACH, check)

Turnkey - Our experienced, in-house sales team drives supplier adoption and income

Powerful - The platform offers a robust feature set with customizable business rules
